**It's time someone stood  
up to big developers  
and toxic polluters –  
it's time to elect  
EDWARD VILLANUEVA  
to the City Council.**

# Edward Villanueva for Signal Hill City Council.

## Integrity and leadership to protect our quality of life.

After comparing the records of all the candidates, LA County's environmental watchdog – the Los Angeles League of Conservation Voters – found that only Edward Villanueva can be trusted to say NO to the special interests and protect our interests.

Our incumbent Council members have given into the special interests time and again. Instead of requiring polluters to clean up their mess, the Council used our tax dollars on frivolous lawsuits to weasel out of the Clean Water Act. Once they failed in court, the Council tried passing the cost on to us – by raising taxes. Instead of forcing the big developers to mitigate the impact of new development – like other cities do – the Council tried passing the costs on to us. Now, behind closed doors, the Council is about to allow an adults-only club on the edge of residential neighborhoods and replace green space with more development. What's next?

**On March 6, vote to ensure that the Signal Hill you live in today is the Signal Hill you live in tomorrow. Vote for Edward Villanueva for City Council.**

### **Edward Villanueva. Experience that matters.**

- 8 years of municipal government experience; Administrative Analyst for City of Long Beach, Public Works Department
- Member of Municipal Management Association of Southern California
- CFO, Board member, California Families in Focus; Board of Directors, Beach Cities Mustang Club
- Priorities include improving city services for seniors and families, protecting open space, stopping overdevelopment and ending back-room deals

**Endorsed by:**

**Los Angeles League of Conservation Voters – working to elect environmental leaders in Los Angeles County since 1976.**
